TEN THOUSAND REASONS PROGRAM GUIDELINES Prayerful Consideration

Prayerful consideration should be given before committing to participate in the program. Students are encouraged to begin thinking about their service and forming groups as early as summer to maximize their ability to successfully complete the grant application and to secure a position representing their organization of choice. Time spent actually volunteering within the organization will be a strong criterion in the voting process.

- All ministries and organizations represented must be non-profit.
- Organizations are not required to be local.

Student Program Requirements

- Each student or group of students is required to submit a completed TTR grant application by the February 1st deadline to be eligible to receive a grant on behalf of their organization.
- The Due Diligence Committee will review applications for thoroughness and completeness, speak with each non-profit, interview student participants and present their recommendations to the Board. Finalists will then be chosen to make presentations to the Partners in the Spring.

Program Benefits

While it should be the goal of each participant to secure a TTR grant for their organization, each participant should understand the many benefits of the program overall and **choose to participate for the joy of serving:**

- Each organization represented will receive tremendous exposure within the Whitefield community bringing great opportunities for additional volunteer assistance and resources going forward. *Galatians 6:9*
- Students will gain invaluable life skills as they complete a rigorous grant application, present their case in front of the Partnership, and recognize the true needs of the community around them. *1 Peter 4:10*
- This is a unique opportunity to promote teamwork for those who choose to work together, including the opportunity to mentor a younger member of the school community by inviting them to be a part of your team. *Philippians 2:1- 11*
- Student participation in the program is a wonderful addition to a college application, and later, a resume. *2 Chronicles 15:7*
- Partners in the organization will enjoy true fellowship with other women in the school community. These opportunities for fellowship strengthen our school community in a powerful way. Serving the community around us brings us closer and reminds us daily of the many gifts and blessings we enjoy. *Acts 20:35*
- Our goal is to support and encourage each student throughout the process, as needed. Students should consider each Partner of our organization a resource in helping them successfully complete the program.
